**Judge McBride Good to Lund**

Suspends Penitentiary Sentence for Larceny on Condition of Good Behavior.

Circuit Judge McBride yesterday afforded to Anton Lund an opportunity to straighten up and be a man. Lund had been indicted by District Attorney Allen on three different counts for larceny, and had the cases against him been pushed he would have served a long sentence in prison. The officials however, were lenient and Lund escaped punishment that he would have otherwise have received. The man had been employed by V. H. Coffey from whom he stole articles of small value at different times. He was detected in the theft and arrested for larceny—a serious offense. Three separate counts were returned against him. Lund appeared in court yesterday with his attorney, Judge F. D.

**Dr. Lyon's PERFECT TOOTH POWDER**  
 Used by people of refinement for over a quarter of a century  
 PREPARED BY *J. W. Lyon, D.D.S.*

latter claiming that two years' rental, \$250, is due, while the defendant alleges that half the sum will settle the obligation. The case is on before a jury of 11 men—John Hahn, George McFarland, C. E. Goddard, Hugh Cameron, Theodore Estoos, H. F. Bruhn, James Kindred, W. McKeever, William Madison, A. E. Minard and William Medley. The case will be concluded today.

In the divorce case of Sarah E. Leasy vs. John L. Leasy, an order was handed down requiring the defendant to post the cost of the suit. The case has not yet been heard. The couple were married at Oswego, in this state in March, 1875. The plaintiff alleges that her husband has frequently become intoxicated and that he assaulted her on August 15 of the present year.

**Senator Fulton Quits State Job**

Resigns After Having Represented Clatsop County in Upper House 13 Years.

United States Senator Fulton, who was elected to the state senate in 1901 to serve a term of four years, has tendered his resignation as a member of the upper house of the state legislature. It is contrary to national and state constitutional provisions for a man to hold two remunerative offices at the same time, and Senator Fulton found it necessary to vacate one of the two. His resignation as member of the state senate is now in the hands of Governor Chamberlain, who received the document yesterday.

Senator Fulton's successor in the state senate will probably be elected at the general election to be held in June, 1904. Were there to be a legislative session before that time it would be necessary to hold a special election for the purpose of filling the vacancy. Recent events, such as the discovery of the alleged irregularities in some of the laws passed by the last legislature and the allegation that the pro rata scheme of levying state taxes is unconstitutional, made it possible that the legislature might be convened in extra session, but Governor Chamberlain has stated emphatically that he will not call an extra session for the reason that there is no need of one. In view of this declaration of the chief executive, it is safe to assume that Clatsop's next state senator will be chosen in June of next year.

There is little probability of Senator Fulton ever again being a member of the state senate. Perhaps no other Oregonian has served a longer time in the upper house of the state. Mr. Fulton first became involved politically in 1878, 25 years ago, when he was the republican nominee for state senator. He defeated Dr. Dodd, democrat, in the three counties of Clatsop, Columbia and Tillamook, by 70 majority. He served from 1878 to 1882, and did not again try for the place until 1899, when he defeated Hon. John Kopp, serving until 1904. After a lapse of four years he again ran for state senator, and, in a memorable fight, defeated John H. Smith, the democratic leader. In 1902 Mr. Fulton again accepted the nomination, defeating Dr. H. L. Henderson.

In all Mr. Fulton was elected for four four-year terms, but he served only one year of the last term, so his legislative experience has covered a period of 13 years. In that time he attended seven regular sessions. Mr. Fulton was never a member of the lower house. During his career as state senator, he acquired a thorough knowledge of the needs of the state, and his experience properly fitted him for the exalted position which he was recently elevated to.

Senator Fulton's resignation was merely a matter of form and followed the suggestion of Secretary of State Dunbar that it might be well for some record to be made of the senator's retirement. When Mr. Fulton accepted the office of United States senator, that acceptance carried with it the resignation of the state office. Mr. Dunbar felt that he would like to have something to show that the vacancy existed, as well as the manner in which it came about, and Senator Fulton tendered a written resignation.

Mr. Fulton was a member of the state senate when he was elected United States senator, as was Joseph Simon. The election of Messrs. Fulton and Simon in this manner is one of the rare political occurrences.

Senator Fulton will leave for Washington city in about 10 days to attend the extra session of congress.

**ASTORIA WOMAN TAKES PRIZES.**

Dawson, N. W. T., recently held a highly successful horticultural exposition, at which Mrs. Harry Cribb, formerly of this city, took several prizes for floral displays. Dawson flower lovers are very enthusiastic and the gardens of the northern city will rival even those of sunny California. The summers are mild and delicate heliotrope is grown without difficulty. Mrs. Cribb took first prizes as follows, according to the Yukon Sun: Best bouquet of cut flowers, best collection of pansies, best exhibit of poppies, best exhibit of asters, and a special prize for the best display of heliotropes. Mrs. Cribb captured the second prize for the best collection of outside grown flowers. The flower fair is said to have been most successful.

**FEARFUL ODDS AGAINST HIM.**

Bedridden, alone, and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Chas. Rogers, druggist.

Tag has ice cream at 15 cents a pint; sweet cream, 10 cents a pint.

The ladies of the First Lutheran church will meet this afternoon at the residence of Mrs. G. A. Bergman, 520 Grand avenue.

**SAND SHOWER IN MIDOCEAN**

Singular Phenomena Witnessed by Dunslow's Officers.

Officers of the British ship Dunslow, which arrived a few days ago, report having witnessed a strange phenomena while the vessel was about 600 miles off the African coast. One bright, clear morning when most of the ship's company were on deck, a light shower of sand began to fall. It was of a reddish brown color, and increased in volume. Within half an hour the air became so laden with the sand that it was difficult to distinguish objects a ship's length distant. The sand was of a very light composition, much of it drifting on the air currents.

Some of the sand was heavy and fell upon the decks, and so great was the downpour that the deck of the ship was soon covered about half an inch deep. The sand shower continued for three days, and the atmosphere was so dense at times that the sun was hidden from view.

"It smelled like guano," said one of the seamen, "and fell so thick that it was almost stifling. At times we went about our work gasping for breath."

"How do you account for the occurrence?" was asked.

"The most plausible explanation is that the showers of sand came from the Great Sahara desert. I have heard of sand storms in midocean, but this is the first time it ever came under my observation. Scientists claim that these storms only occur once every three years, but why they occur at stated periods is not made clear.

"My opinion of the matter is that they are produced at any time if the wind is blowing in the right direction. I know that they occur more frequently than every third year, because I read an account of a storm last year very similar in every respect to the one we experienced."

**TIMBER MEN COMPLAIN.**

With the exception of the owners of timber lands, property owners are quite well satisfied with the 1903 assessment roll. Many heavy taxpayers called yesterday to examine their assessments and no complaints were filed by them. The timber men are complaining, and the board will have its hands full in considering their protests. The doubling of timber land values has come as rather a rude shock to them, but the assessments, which are based on valuation of the actual amount of timber standing, will not be altered, except where it is shown that the estimates of the cruisers are incorrect. The board has carefully gone over all the property in the county and added those parcels of land which were originally omitted.

**MEETING OF MEDICOES.**

The State Medical Association met in Portland yesterday and there were many papers of interest. Dr. Woods Hutchinson's paper on tuberculosis was especially interesting. He believes that the open air treatment will stamp out the great white plague, and that the disease is not the hopeless problem that most people look upon it to be. The American Medical Association has undertaken to raise \$25,000 to erect a monument to the memory of Dr. Walter Reed, the discoverer of the cause and means of preventing yellow fever. The following committee was named to raise funds in Oregon: Dr. Hawthorne, Dr. Wheeler and Dr. Fulton.

**GRIPPE IS PREVALENT.**

Grippe is prevalent in Astoria in mild form and about every second person one meets is afflicted. This is the grippe season, and while the ailment never reaches serious proportions, it is a most disagreeable form of torture.

**DIED OF DYSENTERY.**

Harold Wevang, aged 6 years, died yesterday morning at the home of his mother, Mrs. Louis Jackson, after a two weeks illness with dysentery. The funeral takes place at 1 o'clock today from the family residence, 2483 Cedar street, and the interment will be in Greenwood cemetery.

**FOUND.**

A place where you can buy fine wines and liquors for family and medicinal use, at reasonable figures. The California Wine & Liquor House, 422 Bond street, phone 2174 black, are content with small profits. No bar. Free city delivery. #26-028
